Student Learning Outcomes
Forms A, B, C, D
I. Student Learning Outcomes (Please complete each of the attached forms (A-D) for each program being reviewed.

- List student learning outcomes for the program scheduled for review. Each program should identify the competencies e.g., knowledge, skills or behaviors expected of graduates of the program, which is determined by an awareness of who the students are and what you expect them to be able to do when they graduate (Form A).

- List any other program goals related to student learning outcomes. Program goals could include job placement, enrollment in graduate school, success on licensure examinations, employment skills, etc. (Form A).

- List evaluation methods (qualitative and quantitative assessment measures). List them as locally developed measures (faculty made tests, presentations, portfolios, etc.) Form B, or commercially developed measures (tests, surveys, etc.) Form C.

- Findings from assessment measures for student learning outcomes and program goals. Describe the findings or results of assessment measurements (Form D).

- Describe changes made to improve the program as a result of assessing student learning outcomes and program goals, e.g., curriculum, etc. Describe the process for making changes, e.g., who was involved in the decision making process and how decisions were made (Form D).
